

GP NiMH Rechargeable Batteries for

R/C CARS

NEW

Empowering Champions

- Highest capacity
- Consistent power
- Low internal resistance
- High rate of charging & discharging

Higher MPV

- Approved by BRCA, EFRA, IFMAR, ROAR, JMRC
- Consistent power
- Low internal resistance
- High rate of charging & discharging

Higher Capacity

- For 1/18 scale
- Ultra high capacity
- Consistent power
- Low internal resistance
- High rate of charging & discharging

High Power

- Specially designed for Mini-Z
- Fast charge
- High punch power
- High rate of charging & discharging
